Endicott Junior College

The Career Junior College for Young Women

BEVERLY

MASSACHUSETTS

CONFERS THE DEGREES OF
ASSOCIATE IN ARTS AND ASSOCIATE IN SCIENCE

ENDICOTT JUNIOR COLLEGE is fully accredited. It is a member of the American Association of Junior Colleges and the New England Association of Colleges and Secondary Schools. It is a member of the New England Junior College Council and has the Delta Nu Chapter of Phi Theta Kappa, the national Junior College Honorary Scholastic Society. It is an associate member of the Commission on Christian Higher Education of the Association of American Colleges. It is approved by the Massachusetts State Department of Education, by the Massachusetts State Board of Collegiate Authority, by the Legislature of the Commonwealth of Massachusetts and by the Division of Higher Education of the University of the State of New York as well as by Senior Colleges and Universities.

ENDICOTT is a Career Junior College offering both Liberal Arts and Vocational courses for full transfer privileges to the third year of Senior Colleges or for positions. Endicott has no secondary school connected with it. Each of its twelve vocational fields includes one month of Internship (work) Experience each year in addition to the approved college curriculum. Its guidance program aids the student in finding her chosen field according to her personal needs, interest and ability through Counselling, Auditing of Classes by way of discovering other career fields of possible interests, Lay Faculty, consisting of vocational executive, and by her Internship (work) Periods and Placement.

ENDICOTT JUNIOR COLLEGE is a non-profit institution controlled by a Board of Trustees. It is chartered by the Commonwealth of Massachusetts and has been granted the right by the Massachusetts State Board of Collegiate Authority to confer the degrees of Associate in Arts and Associate in Science.

ENDICOTT is a non-sectarian Christian College. It aims to create an atmosphere that will crystallize in an appreciation of spiritual values. Students are encouraged to attend the church of their preference.

ENDICOTT'S buildings and campus are most unusual. Its 110 acres shore-front and wooded campus, overlooking historic Massachusetts Bay, is within 20 minutes' walk of the heart of the City of Beverly. It affords all types of sports including skating, tennis, riding, swimming and boating. This and its accessibility to the neighboring men's colleges and universities are important factors in Endicott's social programs.

There is a necessary fixed cost in production of a Directory. The City does not pay for it — the *subscribers* do.

If there were only ONE sponsor he would necessarily bear the whole cost.

If there were 1,000 sponsors each would bear 1/1,000 of the cost.

MORAL: To keep directory costs DOWN and directory service UP, do your share. Don't be a Borrower — Be Fair.

Merchants referred to as "Borrowers" of the Directory unthinkingly injure themselves in the public estimation. *Someone else has to pay for it for them.*

Names Are Highly Important!

“The Average Person is More interested in his Own Name than in all the Other Names on Earth.

“When Corresponding, or Addressing a Person, if you Spell it or Pronounce it correctly you have paid a subtle and effective compliment.

“But Forget it, or (unforgiveable error) Misspell it — and you have placed yourself at a sharp disadvantage” (Readers Digest).

PREFACE

The Fiftieth volume of the City Directory covers the towns of Manchester and Essex in addition to Beverly. Names in the towns in the Beverly district are enumerated with the same system and care as the city and are taken in alternate years. The general directory of Beverly contains 56% new or changed matter of which 2,112 consists of new names this year. In the street directory of Beverly and the towns a special indicator (©) marks property owners — a modern feature, established in 1933, also the locations of telephones are shown by an asterisk (*).

Maps of Beverly, Manchester and Essex are included with this volume.

The publishers acknowledge their indebtedness to all who have supplied information and to the advertisers whose patronage assures the city of its annual directory service.

BEVERLY CITY DIRECTORY, 1955

An age of errors:

—Poor Spelling (very common).

Most common on chain-store windows.

—Inaccuracy and slack-mindedness.

An increasingly disturbing element in business records.

—Lack of concentration on the job.

Disinterest in the comprehension of vital details.

These are the things to fight against—in your office—among your salespeople—and on your records.

INTRODUCTION

Probably no city in the Commonwealth blends the old and new as well as does Beverly. Founded in 1626, Beverly has handed down to its present generation a worthy heritage of tradition and history. Not until 1900, however, did Beverly begin to show a rapid growth. Since then it has doubled in population. Recent figures place Beverly slightly over the 30,000 population class. It may be truthfully said that Beverly today presents the characteristics of a modern city, while retaining the best from the customs and traditions of the past. OF COURSE ADVERTISING COSTS MONEY

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating, telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchant's place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

BEVERLY STREET AND HOUSE DIRECTORY, 1955

CROWLEY & LUNT'S

City of Beverly

Street and House Directory

1955

This guide gives the location of the streets, places, parks, squares, etc., and shows what other streets and places run from them or across them, with the point at which they intersect. The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers, the dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no numbers, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; prov., provisions; rd., road; r., rear; rep., repairing; smr., summer; s. r., summer resident var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parenthesis (—).

* Indicates telephones.

+ Indicates two house calls, mail and tel. without contact.

© Property reported taxed to member of family. Accuracy not guaranteed by the publisher.

Note: All house numbers on Hale Street beyond Beverly Post Office Delivery (i. e. beyond 300) and all Pride's Crossing and Beverly Farms numbers are City Directory allocations made by the Directory company and published under copyright. Publication of these numbers as an address list or a street directory by any book, pamphlet or other issue is prohibited by copyright law and will be prosecuted.

OF COURSE ADVERTISING COSTS MONEY

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating, telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchant's place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

But no merchant who wants to maintain even his present volume of business, to say nothing of increasing it, can hope to continue for very long, in the face of advertised competition, without some aggressive program to attract NEW customers—and when getting them also serving

(For Manchester and Essex Business Directory See Back of Book)

Beverly, on the North Shore of Massachusetts Bay is cooled in summer and tempered in winter by the seven miles of Atlantic shore line. Its first-class rail and water facilities and equitable freight rates together with scenic beauty and broad residential area give it prime importance in the consideration of manufacturing interests or home builders. With a valuation of about \$50,000,000, the manufacturing industries comprise machinery, shoes, oils, chemicals, iron foundries, metal processors, tanneries, leather processors, planing mills, sheet metal works, electronics, etc.

The United Shoe Machinery Corporation occupies one of the largest re-inforced concrete factory plants in the world and employs more than 5,000 expert mechanics. Metal Hydrides and Bomac Laboratories, processed metals and Electronics specialists, have large modern plants, accounting for heavy additions to the city's payrolls. Spur tracks of the Boston & Maine Railroad connect with all wharves. Population of Beverly, 1955, estimated about 34,000. Eighteen miles from Boston on the Boston & Maine Railroad. Eastern Mass. bus connections to all nearby points. Superior harbor. Three banks. Daily newspaper. Superior fire department. Good sewers. Superlighted streets. First-class public schools. Two theatres. Public school playgrounds costing over \$100,000. Parks, modern bath house at Oceanside Park.

NOTE:—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons, when extra insertions are sometimes made.

* Patrons' insertions only under headings with asterisk.

THINGS TO FIGHT AGAINST

in your office — among your salespeople — and
on your records —

—*Poor Spelling*

—*Inaccuracy*

—*Lack of concentration on the job.*

—*and disinterest in the comprehension of
vital details.*

HAVE THE LATEST DIRECTORY

DIRECTORY THIEVES

OFTEN OPERATE UNDER THE GUISE OF BORROWERS

Reports of Directory theft among our own 10,000 New England subscribers are increasing yearly. These books are stolen and kept, or re-sold at high prices.

Please!

Do Not Allow Your
CITY DIRECTORY
To Be Taken From Your Office

IT MAY NEVER COME BACK TO YOU

A Growing Percentage of Directories are Stolen Each Year and It Costs You Money Every Time You Loan It.

The Lending of Directories is responsible in large measure for the increasing cost of Directory Service.

This is due to the following reasons:

There is a fixed labor and material cost which must be met by the publishers in the compilation and printing of the Directory of your City.

This cost must be absorbed by the subscribers — be they one — or be they 5,000.

If there were but One Subscriber to the City Directory — the one subscriber would of necessity have to absorb The Whole Cost.

If there were 100 Subscribers — each one would have to absorb one 100th Part of the Whole Cost.

If there were 1000 Subscribers — each one would have to absorb one 1000th Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers — the Lesser the cost to each.

It is also obvious that the Lesser the number of subscribers — the Greater the cost to each.

Every time you loan your City Directory the Less Necessity there is for the Borrower to Subscribe for the Service.

More Borrowers result in Fewer Subscribers which means Increased Cost.

DIRECTORY THIEVES

OFTEN OPERATE UNDER THE GUISE OF BORROWERS

Reports of Directory theft among our own 10,000 New England subscribers are increasing yearly. These books are stolen and kept, or re-sold at high prices.

Please!

Do Not Allow Your
CITY DIRECTORY
To Be Taken From Your Office

IT MAY NEVER COME BACK TO YOU

A Growing Percentage of Directories are Stolen Each Year and It Costs You Money Every Time You Loan It.

The Lending of Directories is responsible in large measure for the increasing cost of Directory Service.

This is due to the following reasons:

There is a fixed labor and material cost which must be met by the publishers in the compilation and printing of the Directory of your City.

This cost must be absorbed by the subscribers — be they one — or be they 5,000.

If there were but **One Subscriber** to the **City Directory** — the **one subscriber** would of necessity have to absorb **The Whole Cost**.

If there were **100 Subscribers** — each one would have to absorb **one 100th Part of the Whole Cost**.

If there were **1000 Subscribers** — each one would have to absorb **one 1000th Part of the Whole Cost**.

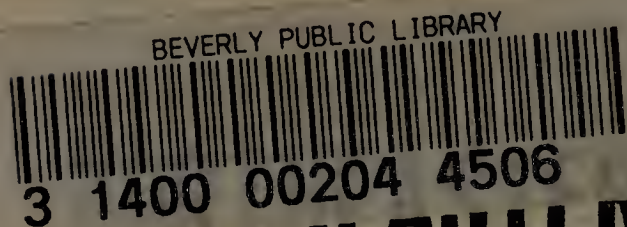

From which it is obvious that the **Greater** the number of subscribers — the **Lesser** the cost to each.

It is also obvious that the **Lesser** the number of subscribers — the **Greater** the cost to each.

Every time you loan your **City Directory** the **Less Necessity** there is for the **Borrower** to **Subscribe** for the **Service**.

More **Borrowers** result in **Fewer Subscribers** which means **Increased Cost**.
